- i) "Bid price" means the price bid by a purchaser for a lot exclusive of any Value Added Tax chargeable on the supply of goods comprising the lot;
- ii) "Purchase price" means the bid price plus a sum equal to any Value Added Tax chargeable on the supply of the goods comprised in a lot;
- iii) "Purchaser" means the person making the highest bid price for a lot;
- iv) "Vendor" means the person, company or department selling the goods.
- v) "Reference to any enactment, order, regulation or other similar Instrument" shall be construed as a reference to the enactment, order, regulation or Instrument as amended by any subsequent enactment, order, regulation or Instrument.

2) GENERAL NOTICE: This sale is not classed as a consumer sale within the meaning of the Supply of Goods (Implied Terms) Act 1979.

3) THIRD PARTY AGENT: All of the equipment is in the ownership of the vendor. MST Auctioneers Ltd is acting as a third party agent only and does not take any title to any of the goods. MST Auctioneers Ltd cannot be held liable for any errors on the website, problems with registration or acceptance of bids.

4) BUYERS PREMIUM AND VAT CHARGES: A buyer's premium of 18% plus VAT is charged on the hammer price of all lots in our General sales, except for vehicles which have a Buyer's Premium of 10% plus VAT. This does not include internet auction host fees which will be an additional charge. The premium will be clearly marked in any special notes and in the catalogue. VAT will be charged at the current rate. The Auctioneer's Margin Scheme will apply to all lots not liable for VAT on the bid (hammer) price so the VAT on the buyer's premium will be included in the amount shown and not itemised separately.

5) BIDDING: Your bid is a legally binding contract to purchase, if you are not sure, do not bid as we are unable to cancel your purchase and NO refunds will be made. If any dispute arises between those making bids, the Auctioneer, at his discretion, shall either again put up the lot in dispute for resale or decide the dispute. No person shall retract his bidding. The Vendor reserves the right to bid himself or by his Agents and to alter, vary or withdraw any lots before or during the sale. The Auctioneers have absolute discretion without giving any reason, to refuse registration to any person. A £200 refundable deposit may be required to be paid (either by card or cash) by any person wishing to bid.

6) COMMISSION BIDS: MST Auctioneers Ltd will be pleased to execute bids on buyers behalf should they not be able to attend the sale. This service is free of charge and whilst every effort is made to secure the lots, no guarantees are given. The Auctioneer will bid as if you are in the room therefore securing the lot at the best price and will execute the bids as cheaply as possible. If two buyers submit identical bids, the auctioneer may take the first bid/bidder's number received. Card details may be required as security.

7) METHOD OF PAYMENT: All invoices must be paid IN FULL on the day of the sale. No goods may be removed until they have been paid for, together with all other charges. Payment can be by bank transfer, cash, credit or debit cards. Cheques will not be accepted except by agreement with the auctioneers, and the goods will be held until cheques are cleared. A handling charge of 3% will be added to all payments made by credit card (Mastercard, Visa Credit, American Express or cards registered overseas). There is no surcharge for the use of Debit cards. BANK TRANSFERS: BACS payment can be made directly into our account (please contact the office for bank details). PLEASE NOTE: NO CASH PAYMENTS OVER £6,000 WILL BE ACCEPTED. No transfer of lots by the Purchaser shall be allowed.

8) DEFAULT BY THE BUYER: If at any time the Buyer has failed to pay in full, the amount due by the date specified, or failed to remove any lot purchased by the clearance date and time specified in the Auction Notes/Important Information then:

- i) The Auctioneer may rescind the sale of that lot and the full deposit and all monies paid, shall be forfeit and that lot may be offered for resale;
- ii) The Auctioneer may remove the lot from the premises and leave it outside at the Buyer's risk and expense;
- iii) The Auctioneer may charge the Buyer the cost of storage or rent, taxes, any wages and other expenses incurred as a result of the lots remaining on the premises;
- iv) The Buyer shall indemnify the Auctioneer against any loss, damages, expenses, claims or liabilities incurred by the Seller arising from the Buyer's failure to remove the lot from the premises.
- 9) ONLINE AUCTIONS: ACCEPTANCE OF FINAL BIDS - IMPORTANT NOTE - Acceptance of all final bids is subject to prior approval by our clients. MST Auctioneers Ltd reserves the rights to reject any bids which they feel are insufficient. Successful bidders will be notified by email upon the finish of the auction together with a request for payment. Your highest bid will be treated as a valid bid, even if the reserve has not been met, as vendors can ask us to reduce the reserves during the course of the sale

10) ONSITE SALES: DEPOSIT AGAINST DAMAGE OF FABRIC OF BUILDING: Purchasers may be required to pay an additional deposit on lots which will cause damage or leave a hole in the fabric of the building after removal. These lots will be specified in the sale catalogue. The deposit will be returned once the purchaser has made good in a satisfactory manner. Clearance of all lots must be undertaken in accordance with Health & Safety at Work Regulations.

11) SAFE WORKING PRACTICE & PERSONAL INJURY: Both the Vendor and the Auctioneer require that in pursuit of safe working practice all equipment used for lifting and transporting heavy items which have been purchased at the auction should be covered by appropriate insurance and registration documents. This is especially the case in relation to cranes, lifting tackle and forklift trucks. Documentation may be required for inspection. Furthermore, appropriate protective clothing, PPE, such as hard hats and safety shoes, must be worn during these activities and due regard paid to safe manual handling practice. Neither the Vendor nor the Auctioneer shall be responsible for any accident or damage to life or limb which may occur prior to or during the progress of the Sale or at any time during the removal of lots except to the extent that such accident or damage arises from the negligence of the Vendor or the Auctioneer. Only MST staff may handle and remove goods from the auction rooms except where special conditions apply (see special conditions sheets). The Buyer takes on responsibility to insure against and to make good any injury or damage to persons or property caused by the Buyer, their carriers, servants or agents.

12) FAULTS AND ERRORS: All lots are sold 'as seen, as they lie' and without warranty, regardless of the description in the catalogue. They are sold with all faults and errors or mis-statement or description, measurement, weight, quantity, quality, number or otherwise (whether of a substantial nature of not). The Purchaser shall be deemed to have inspected the lots he buys and IF THEY BUY WITHOUT PREVIOUS INSPECTION, THEY SHALL DO SO AT THEIR OWN RISK. The lots are not sold by sample but if in any case, a sample shall be displayed, it shall be upon the understanding that this contract shall contain no implied condition or warranty as to quantity or otherwise, or that the lots are free from any defect rendering them unmerchantable.

13) CLAIMS CONCERNED WITH CONDITION OF GOODS: Goods marked 'Trade' are to be installed by a competent member of the appropriate Trade or purchased only by a member of that Trade. The goods shall be acquired by the Purchaser at his own risk. The Purchaser shall make no claim against the Vendor or any servant of the Crown in respect of any loss, damage or injury (whether to person or property) suffered by the Purchaser in the course of or at any time after the delivery of the goods and in any way connected with or arising out of the condition of the goods.

14) RISK AND INSURANCE OF LOTS: Neither the Vendor nor the Auctioneer shall be responsible for any lot or part thereof after the fall of the hammer, from which time all lots shall remain the responsibility of the Purchaser. The goods are, therefore, the risk of the Buyer immediately upon the fall of the hammer and buyers are strongly advised to effect insurance at once, irrespective of whether title has passed. Title does not pass to the purchaser until full payment has been received.

15) REMOVAL: ALL LOTS SHALL BE REMOVED AT THE PURCHASER'S EXPENSE AND RISK. A CHARGE OF £3 PER LOT PER DAY WILL BE CHARGED ON ANY LOTS REMAINING AFTER 2 DAYS FOLLOWING THE SALE. GOODS REMAINING AFTER 10 DAYS WILL BE DEEMED TO BE ABANDONED AND WILL BE SCRAPPED OR OFFERED FOR RESALE AT THE AUCTIONEER'S DISCRETION, UNLESS STORAGE HAS BEEN ARRANGED WITH THE AUCTIONEERS. The Purchaser shall comply with any directions with respect to the removal of goods which may be given by the Auctioneers. All storage and expenses must be paid in full before the lot can be removed. In the event of the purchaser not removing their goods, the auctioneer will be entitled to re-offer the goods in the next sale, and deduct all expenses incurred. Any balance will be returned to the purchaser.

16) LIFTING AND TOWING: Where the Auctioneers give assistance with the lifting and/or towing within the Auction House in connection with the collection of goods such assistance is given entirely at the Purchaser's risk and neither the Vendor nor the Auctioneer shall incur any liability whether in contract or in tort in respect of other than in respect of injury to persons arising from the negligence of the Vendor.

17) LOSS CAUSED BY REMOVAL: Where the removal of any lot or lots causes loss or damage to any land or property including any other lot or the death or injury of any person, the Purchaser of the lot or lots being removed shall:-

- i) Indemnify the Vendor against any liability or any payment reasonably made by him in respect of such loss, damage or death or injury (including any payment made in connection with the death or injury) under any Statute, Warrant, Order, Scheme, Regulation, Conditions of Service or other arrangements making provision for payments in respect of the death, disablement, sickness or other injury and
- ii) In the case of loss or damage to land or property or any lot not sold to the Purchaser, at the option of the Vendor either make good the loss or repair the damage, whether before the removal of his lots from the premises is completed or after removal as the Vendor may require, or pay the cost of asking good or repair as estimated by the Vendor whose decision shall be binding on the Purchaser provided always and subject to the provisions of Conditions 13 hereof.
- iii) the Purchaser shall incur no liability under this Condition if he is able to show that such loss, damage or injury was not attributable to the neglect or default of himself, his servants, agents or sub-contractors and nothing in this Condition shall relieve the Purchaser of any liability or the Vendor arising apart from this Condition.
- 18) LIMITATION OF VENDOR LIABILITY: The Vendor shall not be liable in respect of any claim whether in contract or in tort (other than claims in respect of injury to persons arising out of negligence of the Vendor) by the Purchaser arising out of or in any way in connection with the sale of all or any of the goods for any sum exceeding the amount of the deposit or purchase price (as the case may be) paid by the Purchaser in respect of the goods the subject of the claim.
- 19) DISPUTES: If any dispute or difference arises about any lot or any other matter in relation to the sale (other than a dispute between bidders) the same shall be settled by the Auctioneers or any such person as they shall appoint for the purpose, whose determination shall be fixed and binding on all parties concerned.

20) HEALTH AND SAFETY AT WORK ACT 1974:

i. It is expressly brought to the Bidder's attention that, at the time of sale, any item of plant, machinery or equipment contained in the lot(s) may not necessarily comply with the Health and Safety at Work Etc. Act 1974, Environmental Protection Act 1990, or any other Acts or Regulations thereunder governing the use of the plant, machinery or equipment in a working environment. Successful Bidders for any such plant, machinery or equipment are hereby required to ensure that the use of any such plant and equipment at a place of work within the United Kingdom does not contravene such relevant Act or Regulation thereunder applicable thereto.

ii. The goods are not sold as articles for use at work; they are sold on the understanding that the Vendor does not represent them as being in a condition which makes them suitable for use at work. The Purchaser is reminded that if, nevertheless, any of the goods or articles purchased are intended by him to be supplied in due course for use at work, the Purchaser should, before so supplying them for such use, take such steps as are necessary to ensure, so far as is reasonably practicable, that such goods or articles will be safe and without risks to health when properly used and should carry out or arrange for the carrying out of such testing and examination as may be necessary to enable him to carry out the obligations imposed by the Health and Safety at Work Act 1974

21) ROAD TRAFFIC ACT REQUIREMENTS: Purchasers are reminded that any vehicle or trailer sold in this Sale may not be immediately roadworthy or may be of such a design as will not without alteration comply with the Acts and Regulations relating to its construction, equipment or use.

22) ROAD WORTHINESS OF VEHICLES: The hour and odometer readings on machinery and vehicles in this or any sale cannot be warranted and should not be relied upon. A MOT Certificate is not evidence of the road worthiness of any vehicle, and all vehicles or machinery are sold as seen, as they stand, with all their faults, regardless of the catalogue description. No Warranty whatsoever is given or implied by the Auctioneers or the Vendor.

23) EXPORT OF GOODS: The sale of goods as described in the catalogue shall not imply that Department of Industry licences for export of the goods in their present or modified condition will be granted to a Purchaser.

24) SMOKING: Smoking is NOT permitted anywhere on the premises.

25) CONTAINERS ETC.: Pallets, stillages, baskets, skips, etc. used for the display of the lot are not included in the sale lot unless stated.

26) CHEMICALS & LIQUIDS: The attention of Purchasers of chemicals is directed to their obligations to comply with all relevant provisions of the Poisons Act 1972, and of the Poisons Rules made thereunder.

Purchasers are warned that a licence from the Local Authority is necessary before Petroleum Mixtures may be stored. Any fluids remaining in any lots purchased MUST be removed from site in conformity with the Control of Substances Hazardous to Health Act.

27) POST 1950 WORKS OF ART & COLLECTABLE FURNITURE: Items of furniture included in the antique/collectable section are offers for sale as works of art. These items may not comply with the Furniture and Furnishings (Fire) Safety Regulations 1988 and for this reason, they should not be used in a private dwelling.

28) UPHOLSTERED FURNITURE - CONSUMER PROTECTION ACT 1987: All upholstered furniture is sold for the purpose of "OFFICE" use only, it is the responsibility of the purchaser to make sure it complies with the fire resistant regulations before it is re-sold for domestic use.

29) TRADE AND SCRAP LOTS: Items deemed to be TRADE/SCRAP lots may only be purchased by persons carrying on a business of buying goods of the same description as those supplied and they must be fully aware of their legal obligations under all relevant statutes and legislation, and MUST sign our relevant form to confirm they are aware of these obligations.

SPECIAL NOTICE:

PLEASE BE AWARE THAT ALL LOTS MUST BE INSPECTED, EXAMINED, REPAIRED, RECONDITIONED, TESTED AND CERTIFIED THAT THEY MEET ALL CURRENT REGULATIONS, AS WELL AS THE HEALTH AND SAFETY AT WORK ACT, CONSUMER PROTECTION ACT, AND THE CONSUMER SAFETY ACT, BEFORE THEY ARE RE-USED OR RE-SOLD, THUS MEETING HEALTH AND SAFETY AND DUTY OF CARE REQUIREMENTS

Question:

Question:

[Do you store my payment card details?](#)

Answer:

No, we do not store your payment card details.

Question:

Answer:

Adding a card to your account can be done in two places, as you register for an auction or in the [My Account](#) area. Note: When a card is added, or used on [easyLiveAuction.com](#) we check it by making a small transaction (i.e. 78p) and cancelling it straight away. Although you may see this amount on your bank statement for a short time, it is not actually taken and will never leave your account.

Question:

[What is live bidding?](#)

Answer:

Live bidding allows you to bid in real-time in real auctions across the UK, Ireland and even farther. Our live bidding is so flexible you can bid from a computer, tablet or smartphone.

Now it doesn't matter how far away an auction is you can still win the lots you love!

Question:

[I've never done this before, is there any advice?](#)

Answer:

You can watch any of the live auctions on our website without even having an account so take a look to familiarise yourself.

When you are ready to register for an auction and bid online we would recommend that you bid early because you don't want to run the risk of the auctioneer's hammer coming down and missing the lot that you wanted.

Also use the information on screen as you cue to bid rather than use the voice of the auctioneer. Depending on the auction houses own internet connection, sound can have a slight delay but the information on screen should be instant.

Please read our use blog article [5 Top Tips for Buying at Auction Online](#) for further advice.

Question:

[What different auction types?](#)

Answer:

easyLiveAuction has 3 different types of auctions

LIVE: The auction house will be broadcasting the auction live. This means you can leave Autobids and on the day of the sale you can bid live.

TIMED: The lots can be bid on at any point until the end of the auction. Once the auction starts to close, bidding will stop on lots in 30 second intervals. To avoid bid sniping, last second bids will extend the closing time of the lot by another 5 minutes.

CATALOGUE: This auction will not be broadcast live. You'll still be able to leave absentee bids that will be sent through to the auctioneer to use on the day of the sale.

Question:

[How do I register for an auction?](#)

Answer:

Once you have created an account on the website you can register for auctions of your choice. Simply navigate to the auction you wish to bid at and click the 'Register to Bid' button. Here you can choose your preferred registration method (Free / Flat Fee) and agree to the terms and conditions of Easy Live Auction and those of the auction house. Once you register you will be sent an email confirming your registration along with the registration method.

Question:

[I require more information about a lot before leaving a bid, what should I do?](#)

Answer:

It is important to satisfy yourself with a lot before you bid. If you find that the images and description etc given by the auction house are not enough and you would like to know more, you can contact the auction house directly by clicking the 'Lot Enquiry' button found in the lot page. The auction house will be sent your enquiry and can get back you with the information that you require.

Question:

[How to I keep an eye on a lot that I'm interested in?](#)

Answer:

Every lot has a 'Watch Lot' button. When you click this button, it will be added to your watch list. You can view your watch list at any time by going to [My ELA](#)

Question:

[I need to contact an auctioneer](#)

Answer:

All auctioneer contact information can be found using the [Auctioneers](#) link on the main menu or by clicking the 'Auction Info' button found in every auction catalogue page. Most auction houses have their own personal page with us that shows you all their upcoming auctions along with information about them, shipping policies and terms and conditions.

Question:

[Why can't I hear/see the auctioneer when watching a live sale?](#)

Answer:

Although our services enable auction houses to broadcast sound and video, not all use it.

It may also be the case that the auction house has some technical reason for not broadcasting sound (perhaps their microphone is broken). Please feel free to contact the auction house to find out why sound is not being broadcast.

NOTE: The sound / video uses Adobe Flash Player to broadcast. You will need to enable or install this plugin for your browser.

Most mobile devices do not support Adobe Flash Player so you will be unable to listen / watch without using a third-party app like [Puffin Web Browser](#).

If the audio / video buttons are disabled then the auctioneer is not broadcasting this media.

Question:

[How do I bid on a live auction?](#)

Answer:

On the day of the auction a Watch Live button will appear to allow you to launch the bidding console. Here you will be able to follow the auction and bid on the lots. Click the blue button with the amount of the next bid on to submit your bid for the lot. If you are ahead the button will be green and will return to blue if you have been outbid.

Question:

[What are Autobids?](#)

Answer:

All live auctions allow you to leave Autobids on lots. Each lot page will have a box for you to input your maximum bid and save it. An Autobid allows our system to bid on your behalf up to the maximum bid you have left. We keep our Autobids confidential so the auctioneer will not know how much you have left.

You can also leave a +1 with your Autobid. This allows our system to bid one more increment if you are outbid on your maximum amount.

Autobids can be left at any time up until the lot is offered by the auctioneer and you can even bid live having left Autobids as our system will not let you bid against yourself.

Question:

[Leaving an absentee bid for catalogue listing](#)

Answer:

In the same way you can leave Autobids for live auctions, you can leave Absentee bids for non-live auctions. On the lot page, you can place the maximum amount you wish to bid up to and submit it. We will then pass this bid to the auctioneer for them to action during the auction.

Question:

[How do I see the lots I've won and bid on?](#)

Answer:

Viewing your won lots and the items you have placed a bid on can be done in [My ELA](#). Once you are in My ELA you can click the title 'My Bids' or 'My Won Lots' to view more details.

Question:

[What do I do if I am dissatisfied with an item I have bought?](#)

Answer:

easyLiveAuction.com is a live bidding platform for auctioneers to sell lots to buyers over the internet. We do not sell the items ourselves, because of this we recommend that you contact the auction house directly if you are unhappy with the item you have received.

Please remember that when bidding at auction as soon as the hammer comes down a contract is formed between you and the auctioneer. Under the laws governing auctions you have no right to return the item unless the item has been incorrectly described. This is the main reason we advise you to satisfy yourself fully with the item you are interested in before you bid.

Question:

[How do I pay for my items?](#)

Answer:

You will be required to pay the auction house directly. The way in which you pay for your won lots will be different from auction house to auction house as will be the time frame for payment to be made. Each has their own methods of invoicing and collecting payment. If you have any questions relating to your invoice then you should contact the auctioneer directly.

Question:

[I have registered for an auction but it says I am 'Pending Authorisation'](#)

Answer:

This means that you are waiting for the auctioneer to authorise you to bid at their auction. Once you have been authorised by an auctioneer you will receive an email stating so. You will then be able to leave Autobids and bid live.

If you have any questions about your registration status then you will need to contact the auction house directly.

Question:

[What additional costs of bidding at auction?](#)

Answer:

Buyer's Premium - This is the cost the auction house charge for their services, it varies from auction house to auction house. Usually VAT is added on to the buyer's premium but is sometimes it is included, this will be made clear in the 'Auction Info' area, the lot page and the auction house terms and conditions.

VAT - In addition to the VAT on the buyer's premium, you may also be charged VAT on the hammer price as well. This tends to be for brand new goods or special items that require it.

Internet Surcharge

Free Registration - If you chose this option you will also pay 3% of the hammer price for bidding online. This charge will be included in the invoice you receive from the auction house and will also have VAT added to it if the auction house is VAT registered.

Flat Fee - If this option is selected you will pay a flat fee including VAT for the online bidding service, this is taken regardless of whether you bid and is taken directly from your registered payment card.

ARR - Artists Resale Rights are applicable to some works of art valued over €1000. All this information is visible in the auction info on each auction catalogue, and on the lot page. Every auction house and lot is different so we highly recommend that you view each lot you wish to bid on so you are aware of the additional cost that are added, and if you are still unsure contact the auction house..
